## ERUPTION ON WRIST SPREAD TO ELBOW

Child's Arms Itched, Could Not Sleep, Grew Worse, Cuticura Soap and Ointment Completely Healed.

R. F. D. No. 2, West Burke, Vt.—"My little daughter's trouble began on her wrists and I thought it was chapped by playing out of doors. It spread on her arms half way to the elbow and her little arms itched so she would rub them until they would bleed. Her arms were red and rough and as they grew worse I used to have to get up with her nights for they itched so she could not sleep. I had to keep her arms bandaged for about two months. They would look as if they were raw at times and she would rub them nights until they would bleed."

"I used some ointment but it would not cure her so I sent for a sample of Cuticura Soap and Ointment. I washed her arms with the Cuticura Soap and then put the Cuticura Ointment on and bandaged them. The second time I used them I could see change so we bought a box of Cuticura Ointment and some Cuticura Soap. We had only used about half of them when she was completely healed." (Signed) Mrs. Lilla Boone, Jan. 31, 1914.

#### Samples Free by Mail

It is so easy to get rid of skin troubles by using Cuticura Soap exclusively and a little Cuticura Ointment occasionally that it is a pity not to do so in all cases of pimples, redness, roughness, itching and irritations. A single set is often sufficient when all else fails. Although Cuticura Soap (25c) and Cuticura Ointment (50c) are sold by druggists and dealers everywhere, a sample of each with 32-p. Skin Book will be sent free upon request. Address post-card: Cuticura, Dept. T, Boston.

#### SAVED CHILD'S LIFE.

Miss Mabel Dupre Saw Little Girl With Clothes Afire.

Miss Mabel Dupre of North Grosvenordale, tenographer in the office of Richard Gorman here, entered the list of life savers Sunday morning while walking along a street in Webster. Miss Dupre was passing a little girl, aged about 5, when the child's dress suddenly burst into flames. Miss Dupre was prompt to act, rushing to the little one's side, grasping the child in her arms and running with her to a lawn where she rolled the child in the dew-covered grass until the burning clothing was only a smouldering mass.

The little one was rushed to her home and given medical attention. In carrying out her heroic act Miss Dupre suffered some slight burns on the hands, but was repaid by the satisfaction of knowing that she saved the child from very serious injury if not death—and this while a grown man looked on, seemingly hypnotized by the serious predicament in which the child found herself.

Miss Dupre's theory is that the little child had picked up a smouldering piece of an after the Fourth of July, was hiding it behind her back from other children playing in the neighborhood, and held it so close as to set her dress afire.

#### FIRE SUFFERERS' BENEFIT.

Arranged at Bradley Theater by Manager Goldman and Rev. Mr. Harriman.

Manager Selig Goldman of the Bradley theater has tendered the use of the house for a monster benefit for the Salem fire sufferers next Sunday evening and in conjunction with Rev. C. J. Harriman is arranging an attractive program.

Various appeals have come to organizations in this city for aid for the people of the stricken city. There has been the proper spirit here as to being anxious and willing to give help, but no organization at hand with which to crystallize the desire into such form as to get results desired. Arrangements are now being made, however, so that the people of the city will have an opportunity to do something for the thousands of people that are so urgently in need of aid. On Tuesday plans were not completed, but an outline of what is to be provided has been arranged.

Manager Goldman has arranged for a special series of motion pictures for the benefit, these to be of a nature suitable for a Sunday evening showing. Other features to be added to the program will be of a nature to give the whole affair the character of the sacred concerts that are given in the big centers on Sunday evenings. It is hoped to get some of the church singers to take part in the program. Mr. Goldman is giving the use of the theatre and the funds secured from those who attend the concert are to be turned into the general fund for the relief of the people of suffering Salem.

A big feature included in the pic-

ture program for the evening is the reels of Salem fire, taken while the flames were devouring the quaint old town, famous in the history of New England.

The fire rendered between 15,000 and 16,000 people, mostly wage earners, homeless and destitute, this number representing between 3,000 and 4,000 families and the problem of caring for them has proved to be far greater than was at first indicated.
